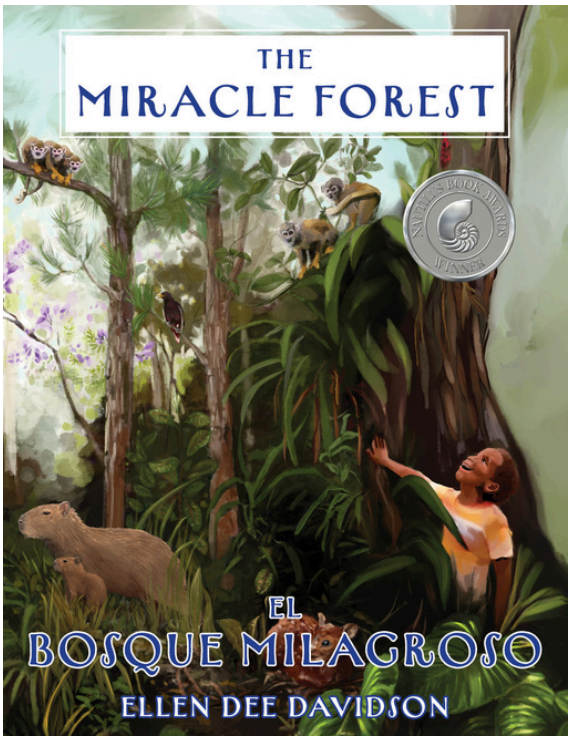
The Miracle Forest / El Bosque Milagroso



A Silver Nautilus Award winner, **The Miracle Forest / El Bosque Milagroso** tells, in English and Spanish, how Paolo Lugari and the people of Gaviotas planted trees on a barren Colombian savanna and watched a rainforest gone for thousands of years grow back.

"This beautiful, bilingual picture book offers an extraordinary true story of the miracles nature can provide when we do our best to restore the environment."
—Marci Shimoff, *New York Times* bestselling author of *Happy for No Reason*
