

Biddeford Schools

Primary School

February 6, 2025

Jennifer Comeau's visit to Biddeford Primary School was an inspiring and enriching experience for our students. Her book, *The Inside of ME*, beautifully encourages children to spend time in nature, illustrating how the beauty they encounter reflects within themselves. The story highlights the stunning landscapes of Maine, fostering a deep appreciation for the natural world.

During her interactive assembly, Jennifer engaged students through movement and singing, bringing the narrative to life in a way that resonated deeply with everyone present. Her dynamic approach not only captivated the students but also reinforced the book's themes of connecting with nature and understanding one's emotions.

What truly sets Jennifer apart is her dedication to fostering curiosity and learning. After her presentation, she graciously took the time to be interviewed by a student for our school newspaper, providing thoughtful insights and encouraging our young journalist's aspirations. We highly recommend Jennifer Comeau to any school seeking an enriching and inspiring experience for their students. Her ability to connect with children and her passion for nature make her an exceptional author and presenter.
