If readers love *The Rabbit Listened* by Cori Doerrfeld or *The Invisible String* by Patrice Karst, they'll be drawn to *My Earth Journey*. Like these beloved titles, it gently helps children navigate big emotions—but with a unique twist: healing through nature, spirit animals, and plant wisdom. This story comforts while inspiring wonder and resilience.

Evelyn Dean is an artist, herbalist, and teacher. She co-wrote and illustrated *Identifying and Harvesting Edible and Medicinal Plants (In Wild and Not So Wild Places)*. She is also the creator of the card line *Wisdom from the Wood*, which blends whimsy, plants, and spirit animals with insightful sayings. Besides her art, Evelyn enjoys dancing and crafting herbal concoctions for friends.
