Harmony Among Neighbors

The Trumpeting Coyote's Quest for Coexistence

A COYOTE. A TRUMPET. A MYSTERY.

In the town of Mystic, everyone loves the distant sound of a trumpet floating down from the hillside. What they don't know is that Harmony, their local coyote, is the one playing it. When pets start disappearing, everyone blames him. So Harmony climbs the hill and plays, and what happens next surprises everyone. The pets themselves share the Rules of Coexistence: simple, real-world steps for sharing a neighborhood with wildlife.

If readers enjoy *Coyote Moon* by Gianferrari or *Make Way for Ducklings* by McCloskey, they will love *Harmony Among Neighbors*, a picture book about a misunderstood coyote and a town that learns to share its neighborhood with wildlife.

Stephanie Becker is an award-winning wildlife and nature photographer and Certified Naturalist based in the San Francisco Bay Area. Through her work, she aims to inspire young readers to embrace empathy, friendship, and environmental stewardship, fostering a deeper connection with the natural world.
