BECAUSE SOMETIMES THE BEST TEACHERS HAVE FEATHERS, FUR, AND ROOTS

When her best friend walks away, a young girl's tears become a river that carries her into a dream. My Earth Journey is a beautifully illustrated picture book about friendship, big feelings, and the comfort of the natural world. Playful otters, a soaring hawk, and a wise hare guide her through rivers, skies, and wildflower meadows until her heart feels light again.

Perfect for ages 6 to 10 (grades 1–4) and families who value mindfulness, nature, and emotional growth.

"The young girl's dream odyssey—with playful otters, a visionary hawk, and a nourishing hare—mends her wounded heart. ... I cannot think of a better story to inspire children today."
—Jennifer Elwell Comeau, Certified Forest Therapy Guide and children's book author

"Beautiful illustrations take readers on a journey from the grief of lost friendship into the enchanting world of nature ... This book will delight children."
—Ellen Dee Davidson, children's book author

For readers ages 6–10 who feel things deeply, love the natural world, and need a reminder that new friends are often closer than they think. For fans of *The Rabbit Listened* and *The Invisible String*.

Evelyn Dean is an artist, herbalist, and teacher. She co-wrote and illustrated *Identifying and Harvesting Edible and Medicinal Plants (In Wild and Not So Wild Places)*. She is also the creator of the card line Wisdom from the Wood, which blends whimsy, plants, and spirit animals with insightful sayings. Besides her art, Evelyn enjoys dancing and crafting herbal concoctions for friends.
